COAST IN STORM'S GRIP.

High Winds and Heavy Rains Damage Things Along Coast.

Portland, Ore., Nov. 19.—According to reports received by the United States weather bureau for this district a severe wind and rain storm prevailed yesterday all over the Pacific northwest. Reports were missing from the principal stations of the north coast last night, including Astoria, North Head, and Blaine, Wash., owing to the prostration of telegraph and telephone wires. At Portland the wind attained a maximum velocity of 32 miles an hour and at Seattle 56 miles. When the wires went down to North Head this morning the wind had attained a velocity of 58 miles an hour. The heaviest rainfall has been along the coast and at Portland, the greatest fall being 1.22 inches at Marshfield. Last night the weather office stated that the storm is apparently central off the coast of Vancouver Island. The prediction is that the barometer will fall tomorrow and that rain and high winds will continue. Shipping on the Columbia river is practically at a standstill.

INDUSTRIALISTS ARE BROUGHT TO TRIAL.

Spokane, Nov. 19.—Secretary Felling, and Organizers Thompson and Foote, Editors Wilson and Cousins of the industrialists paper, and John Panger were placed on trial today for criminal conspiracy. Telegrams were produced by Manager Jones of the Western Union, which are damaging evidence. They show that Felling had wired coast and Montana cities for men and money to assist in the fight against police authorities.

Favor Old Age Pensions.

Toronto, Nov. 19.—The resolutions committee of the Federation of Labor will report in favor of an old age pension being maintained by the national organization. It will probably be adopted. Many delegates are leaving for home today.

FINDS REMAINS OF PREHISTORIC FORT

Cadillac, Mich.—A. C. Fessenden, a Boone merchant, while out hunting recently, discovered near Boone on the crest of a hill well defined remains of a fort built in prehistoric times by Indians or some other tribe that inhabited this region before the white man. This is the third find of this sort Mr. Fessenden has made in the vicinity of Boone in eight years, all in a radius of a few miles. In some parts of what was once an

enclosure the embankment is three or four feet high, with a trench on either side. Some of these primitive earthworks consist of two trenches close together, showing plainly that a stockade had been erected. A number of clay vessels were unearthed.

MURPHY ASKS FOR SUGGESTIONS FROM FANS

Chicago.—Desiring to improve the game of baseball, President Murphy of the Chicago National league club recently invited correspondence with enthusiasts who see some phase in the sport that can undergo betterment.

According to President Murphy, there may be a number of departments wherein improvements can be accomplished, and he is eager to give the folks not officially identified with the rule-making opportunities to remodel regulations that now appear outgrown.

"That's the reason I am going to advocate a school of correspondence for the uplift of baseball," said Mr. Murphy.

"There are scores of angles that might stand overhauling and I am heartily in favor of a longer session for the National league owners. Instead of assembling at New York next month for a three day's meeting why not extend the session, giving six or seven days to the consideration of all these appeals from the enthusiasts. Requests containing real merit will be taken to the league meeting. Now it is up to the people to send on their correspondence."

BISHOP TAKES HOT SHOT AT DIVORCE

New York, Nov. 19.—Bishop O. P. Fitzgerald, of the Methodist Episcopal church in Nashville, Tenn., has telegraphed here the following opinion concerning recent divorce agitation:

"It is a generally accepted truism that sacredness of marriage relation measures the civilization of any country. This is true of all people anywhere without regard to race, color or previous condition. Judged by this standard the outlook for our country is not encouraging. The divorce evil is increasing. In the higher walks of life, where there is most money, and ought to be most intelligence and superior virtue, the sin and shame of divorce have increased alarmingly.

"The secrecy of the proceedings in a feature that tells its own story. The hidden works of darkness are thus confessed. The remedy is with public opinion that will express itself in wider laws and a better practice among our clergy and civil officers."

NEW CIRCUIT BETWEEN LA GRANDE AND JOSEPH

The Home Independent Telephone company yesterday received a carload shipment of wire which is to be used in the construction of a new copper circuit between La Grande and Joseph. This is an improvement that has been under consideration for some time and the work of installing the new system will be commenced at once.

The business of this company has grown to such an extent that another through district from La Grande to Joseph and intermediate points has become an absolute necessity.

This new circuit will consist of two number ten copper wires and will with the high grade of telephones which are used enable conversations to be carried on almost in whispers for the total length of the line which will be practically ninety miles.

Two crews of linemen will start at once from La Grande and Joseph, and when they meet in the neighborhood and when they meet in the neighborhood will be finished and ready for service.—La Grande Star.

MRS. G. W. TYSON DIED AT ECHO LAST NIGHT

(Special Correspondence.)

Echo, Ore., Nov. 19.—Mrs. George W. Tyson of this place died at 12:35 this morning, death being due to heart failure. On November 2 the deceased was stricken with paralysis but she recovered from the attack. The deceased was formerly Miss Jennie V. Colvan and was a native of Illinois. She was married in Illinois in 1873. Her husband survives her. The funeral will be held at this place at 10 o'clock tomorrow afternoon and the services will be conducted by Rev. A. M. Lambert, pastor of the Methodist church. The deceased and her husband had lived at Echo for a year.

BAKER AND WALLA WALLA WOULD TRY SNEAK THIEF

William Ford, colored, who is charged with robbing his roommate, William Grady, also colored, was arrested in Baker City yesterday and Sheriff Haviland was notified, but immediately after word was sent here it was discovered that he had turned a trick at Baker City the day before. Now Baker City wants to keep him to be tried there, and the authorities here also want him. Ford is charged with taking a watch, revolver, child's ring and other jewelry and \$5 in cash from Grady.—Walla Walla Bulletin.

Were Secretly Married.

New York.—The secret marriage a year ago of Count Galman Czaky, said to be a third cousin of Count Sechnyl, who married Miss Gladys Vanderbilt, and Mrs. Maud Howard Bryan, formerly of Portland, Ore., has just been announced in this city. Count Czaky is the former husband of the present wife of Jan Kubelik, the violinist. The count and his present wife have taken apartments here and expect to remain permanently. The new Countess Czaky, who is credited with being quite wealthy, explained that the marriage had been kept secret because her relatives in the west raised objections.

Thank God for the curtain that hangs today over the unknown condition of tomorrow.
